

## How to live in today's society without money!

This may seem difficult, to live in today's society without money, but it has been done by some people! First of all, living in the woods, perhaps in a tent, does not require any money. If you can find, a wooded area somewhere, where people do not go to, you can hide out from the retail society, and take a nap! You can eat at a shelter which gives out FREE meals. This takes care of two aspects of living without money. Some places, have agencies which provide vouchers for FREE Clothing, if your clothes are worn out, this will help. You might stay at a Homeless shelter, which will let you stay there without paying them money, depending on the place and their policies. If you are sick, and need a doctor, try visiting a hospital. They will help you with your needs; probably send you a bill, in which you could ignore. You still received help, with your illness. Some agencies will pay for your prescription medications for you. You can get up to \$200.00 per month in Food Stamps. Also, you could qualify for SSI payments, if you are unable to work. This could be up to \$400.00 or more per month. If you have a bicycle you could travel around town. Why spend your entire life Making Money? If you can find ways to live, without a Job, then you can preach the Gospel of Jesus as a Job! This is more important work, than working just to get cash. People, need to hear the Word of God! Will you be a vessel of the Lord, and preach the Word of God?! If you could live without all of the worries of gaining money, then you could spend your time, working for Jesus, and preaching his

Gospel! God, I believe, would bless you, in your choice to serve him... So let's think of ways to live on this earth without money, we have spent too much time at a job, worrying about paying the bills, when our time should be spent preaching the Gospel of Jesus, to a world, that has long forgotten Him. Living without money transactions, will give you all the time, you need to do work for Jesus. For it is written, the cares of the world, choke out the Word. Let us not have too many cares of the World, for we will not stay well in doing so. Let's get jobs, working for Jesus, he does not pay in cash, but, the Life he provides us is better than the life in which we were previously living..

You can visit drop-in centers, in your area, where you can spend time during the day. You can visit Libraries where you can spend time during the day. You can go to the Beach, and enjoy the day. Some YMCA's will let you use their showers for FREE! The main thing is, if you are currently bogged down, with items that require more and more cash, and then you need to sell these things, and end the Billing Cycle! Some cities have parks, in which you can spend time at. Find out about what's FREE in your area, and enjoy!

Yes! We all seem to be living in a Money Hungry Society. We first must want to Please God, by working for Him! Not, putting Him second, and going to work to Gain Money! For it is written, The Love of Money is the Root of all Evil! It is also written, First Seek the Kingdom of God, and

His righteousness, and all these things will be added to you!
