

Jesus was a homeless person that lived on the earth

Yes, Jesus sets the example for us, as to how we should live on this earth. Jesus is a lot stronger than any of us are. Jesus does not value having a home, or any retail items. He does not treasure these things. His treasures are in Heaven, not on the earth! Jesus is not interested in having a place to lay his head, or a place to store up items for himself or others. Why do we love money so much? We have grown dependant on it to get what we want! Why are we so weak, that we spend great amounts of money shopping, to obtain something which we will treasure, or consider an improvement to our lives to have? It's probably the influence of the devil on the earth we are currently living on! He influences us to sin against God! We should be like birds. All they value is something to eat. They do not store up treasures for themselves! Maybe they will build a nest for their young to live in, but that's about it. We should follow the example that Jesus left us. If we were strong enough, all we would own on the earth is the clothes on our back! Just wander the streets, preaching the Gospel. But, the choice is your's. What kind of life do I choose? Do I want every creature comfort for myself? Or, do I want to live on the earth, as Jesus did? We must make the choice! What is at stake here? It is said that, it is easier for a camel to pass threw the eye of a needle, than it is for a rich person to enter into the kingdom of Heaven! How true it is! Do you want a life with large sums of money, only to one day be cast into the fires of Hell!? Really, it's not worth it! There are many rich people that have lived on this earth, who have died, and are currently serving a sentence of eternity, living in Hell, being tormented night, and day, wishing that they would die, but never do, perpetually being harmed from something, or someone! This does not sound desirable for me. Jesus died to save us from this. But, we must choose to accept his way of life. We can not love what money can buy. The price in the hereafter is too great. Our fate is at stake! So, my advice is, do not love money, or anything that it can buy! If, we own something, we can not say that we do not value it. We should give it away, or throw it in the trash, otherwise, we are going to treasure it! It's not worth spending an eternity in hell, loving money, or what it can buy. The choice is yours, choose wisely!
