

Jesus is the only name whereby I can be saved

Who can save me? My husband, my wife, my kids, the dog, the preacher. Who can save me? None of these can! Only Jesus can save me! Do not make God Jealous! Only call on his son Jesus to save you! He is pleased, when you call on Jesus! Can prescription medications save you? NO! All you need is Jesus to save you! Do not trust in prescription drugs to save you, ONLY Jesus can save you! Do not make God angry, only Depend on Jesus to save you. Do not give demons the chance to attack you! Trust in Jesus to save you! All will be well! Jesus, Jesus, Jesus, all we need is Jesus! Demons do not like talking about Jesus, and will consider other people their saviour! But ONLY Jesus is my saviour! Hail Jesus, my saviour! Jesus is the person who keeps me from perishing. Prescription drugs may promise salvation from a problem. But at what cost? The side effects are usually worse than what they claim to cure. And, more importantly, you have placed a false sense of trust in them for your salvation. This is not good! You can not have faith in a prescription drug and Jesus at the same time. Which do you choose? Get right with God, Trust in Jesus for all your needs! After all, Jesus can heal your body to perfection, far greater than any medication can! Prescription drugs only promise one cure, while doing damage to another part of your body. The first and greatest commandment is to Love God with your whole heart. Are you doing this? Or has something gotten in the way? Nothing, no power, can change Jesus in any way! He is perfect and can not be changed! Jesus has all power at his hand! Only Jesus, only Jesus can save you from the powers to be! Have faith in Jesus to save you, for he can do so, and he is the only person that can truly save us! The devil's time is short, and he is coming to an end. Why not trust in Jesus, he is alive & well forevermore! I want to live with Jesus forever! He lives forever, and provides the best life to live! Is Jesus your saviour? He is mine! He is the only true saviour, while there are many false saviours. Now is the time to get my life right with God!
